Here are a few comments from our recent Ofsted Inspection;

Children are happy and excited to arrive at the club. The safe, spacious environment offers children the freedom to self-select resources and direct their own play.

Partnership with parents is very good. Parents are happy with the quality of care provided.

The club provides a wide variety of healthy, nutritious snacks and meals. Drinking water is accessible to children at all times. Children contribute to the menu planning; they make choices about meals they would like and confidently share their ideas.

There are frequent opportunities for the children to play outside and in the large hall. Children report that this is their favourite time of day.

Strategies used to boost children's self-esteem are well thought out and highly effective. For instance, children who sit nicely and listen carefully when the managers are speaking are awarded 'captain' status. This is something children aspire to achieve and are excited to tell parents about when they are collected.
